DETAILED ACTION

Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance: ***

Claim 5 has been canceled.

Claim 1,6 and 20 has been amended, the rejection under 35 U.S.C 112 second paragraph will be withdrawn the limitation "the fixing portion ' has now sufficient antecedent basis.

Sunag a US patent 6,370,026 does not show a pressing member having a pair of fixing portion which are formed at free end portion of the positioning portion, and the fixing portion are hung with a lower surface on the electric circuit board.

The prior art of the record fails to teach an electric circuit board comprising a control circuit for controlling rotation of the rotor, the electric circuit board having through-holes; a heat sink comprising a heat radiating portion and a pair of supporting legs extending from opposite end portions of the heat radiating portion, the heat sink being disposed on the electric circuit board by contacting an end portion of each of the supporting legs with the electric circuit board, a plurality of switching devices electrically connected with the electric circuit board, the switching devices controlling a direction of drive current supplied to exciting coils of the stator; and a pressing member comprising a pressing portion, a pair of positioning portions extending respectively from opposite end portions of the pressing portion, and a pair of connecting portions projecting respectively from the pair of positioning portions respectively, the pressing portion pressing the switching devices to the heat sink by engaging the connecting portions with the heat sink, the

positioning portions being inserted into the through-holes of the electric circuit board respectively, wherein the pressing member further comprises a pair of fixing portions which are formed at free end portions of the positioning portions, and the fixing portions are hung with a lower surface of the electric circuit board.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Communication

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Iraj A Mohandesi whose telephone number is (703)305-3242. The examiner can normally be reached on M-F.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Nestor Ramirez can be reached on 703-308-1371. The fax phone numbers for the organization where this application or proceeding is assigned are (703)872-9314 for regular communications and (703)872-9314 for After Final communications.

Any inquiry of a general nature or relating to the status of this application or proceeding should be directed to the receptionist whose telephone number is (703)306-0377.
